UV-C Disinfection Box

HIGHLIGHTS

Disinfect your home from germs

All bacteria and viruses tested to date respond to UV-C disinfection. In laboratory tests, our UV-C light sources reduced SARS-CoV-2 (the virus that causes COVID-19) infectivity on a surface to below detectable levels in as few as 9 seconds

Expertize

Philips has 35+ years experience in UVC lighting and strong application expertise.

Simple to Use

Simple to use with intuitive control and clear digital display.

Switches off automatically

UV-C light switches off automatically when the cover is opened.

Effective disinfection

Stainless steel interior is highly reflective for more effective disinfection.

Easier to insert objects

Flip up cover makes it easier to insert objects.
